## Welcome to Quarrymans cottage

Quarrymans Cottage is a haven in the centre of the Peak District. Dating from the 1840's, this limestone cottage is only a 30 minute walk from the centre of Buxton, or a few minutes by car if you prefer.

The cottage has two relaxing double rooms with ample storage.

The family bathroom features over bath power shower, and a shaver socket.

The fully equipped kitchen has views over the surrounding countryside.

The kitchen's dining area comfortably seats four adults.

Relax in the lounge, with gas fire, selection of board games and books, colour TV, DVD, and stereo.

A large utility room houses a washing machine and provides ample storage for any outdoor equipment that you may bring.

This opens directly onto the gated patio area, complete with BBQ.
